Education

St. Augustine Secondary School

High School

Sep. 2022 – June 2026

Brampton, Ontario

Experience

Hack Canada

Feb 2025

Hackathon Participant

Waterloo, Ontario

- Developed **NutriMind**, an AI-powered recipe recommendation platform using TypeScript, Node.js, PostgreSQL, and Google Gemini.
- Implemented a Retrieval-Augmented Generation (RAG) system trained on 500K global recipes, leveraging LangChain and vector embeddings.
- Built a responsive front-end using Next.js, TailwindCSS, Framer Motion, and ShadCN.

Deloitte & Kode With Klossy

Dec 2024 – Feb 2025

Sustainability Challenge Finalist

Remote

- Selected as one of 15 finalists in the Kode With Klossy X Deloitte Sustainability Challenge for developing **GaiaIntel**, a sustainability insights app.
- Researched on AI's role in combating climate change while promoting sustainability and eco-friendly actions.
- Pitched the project to industry professionals, demonstrating technical expertise and innovative thinking.

Kode With Klossy

Aug 2024

App Development Scholar

Remote

- Developed **Care Comrade**, an emergency assistance app with step-by-step solutions using Swift and Xcode.
- Collaborated with a team to code and create the app's user-friendly design, which enhanced app efficiency, and all other key components of the app.

Black Wealth Data Center & Kode With Klossy

Apr 2024 – May 2024

Challenge Finalist

Remote

- Selected as one of five finalists in the Kode with Klossy X Black Wealth Data Center Challenge.
- Utilized Yelp API calls and Black Wealth Data Center (BWDC) resources to collect and analyze data on Black-owned businesses in St. Louis, MO.
- Processed and formatted data using Looker Studio to create compelling visualizations highlighting trends and insights.

Technical Skills

Languages: TypeScript, JavaScript, Python, Swift, SQL, HTML, CSS

Frameworks: Next.js, Node.js, Tailwind CSS, LangChain

Developer Tools: Git, Xcode, PostgreSQL, Redis, GraphQL, Looker Studio

Technologies: AI/ML, Google Gemini, PGVector, Framer Motion, Yelp API
